Professional Summary

I am an enthusiastic and responsible web developer with strong knowledge of front-end technologies like HTML, CSS, JavaScript, React.js, and Tailwind CSS. I have completed my MCA and gained hands-on experience in building responsive and user-friendly websites. I am eager to learn more and contribute to a professional development team to enhance my skills further.

SKILLS

- **Language :-** HTML , CSS , JavaScript.
- **Framework/Libraries :-** React.JS , Express JS, Node JS, jQuery, Redux , Bootstrap and Tailwind CSS.
- **Database :-** SQL and MongoDB
- **Tools :-** Git and GitHub

Project

Project Portfolio Website

Technologies used: HTML, CSS, JavaScript

Designed and developed a responsive personal portfolio website to showcase project and skills. Implemented user-friendly layout, interactive UI component, and smooth navigation. Focused on clean design principles and cross-device compatibility. Deployed using GitHub Pages.

To-Do List App

Developed a fully functional To-Do List web app using React.js.
Features include task creation, deletion, and filtering. Implemented local Storage for data persistence and responsive design using Tailwind CSS. Built with guidance from ChatGPT to enhance understanding of component logic and state management.
